Five years trial of your CHERRY PECTORAL, in my practice, has proven what I foresaw from its ter Lever Plows, Nos. 8 5 3 and 2 with extra epres the colds and coughs to which we in this

section, are peculiarly liable. I think its equal has not yet been discovered. nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

Dr Ayer: In the month of July last I was attacked by a violent diarrhous in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of cli-mate and diet. My diarrhosa ceased, but was illawed by a severe cough-and much soreness. I finally started for home, but received no tenoft from the voyage. My cough continued to grow worse, and when I arrived in New York, was at once marked by my acquaintances as a victim of consumption. I must confess that I friends all believed. At this time I commence taking your truly invaluable medicine with lit tle expectation of deriving any benefit from its use. You would not receive these lines did I not regard it may duty to state to the afflicted, through you, that my health, in the space of sight months, is fully restored.
